1. Initial Identification

At the time of registration we ask all parents to complete a home language survey.

On review of the home language survey, if a language other than English is identified, the new student is assessed for English language proficiency:

2. Initial Proficiency Level

Our assessment tool for English proficiency is the screener.

This is a very broad look at a student's ability to learn in English only, without any support.

Overall Scores in all areas range from: 1-6
