Classes

Summertime Fun for Wellesley Students Grades K - 5

Week 1: July 9 - 12 • Week 2: July 16 - 19
Week 3: July 23 - 26 • Week 4: July 30 - August 2

All classes are held at Sprague Elementary School
401 School Street • Wellesley

The Wellesley Recreation Department is pleased to announce the renamed and revamped WINGS program. WINGS will now be known as R.E.C. (Recreational Enrichment Classes).

We are thrilled to be able to offer some new and exciting educational and enrichment classes this summer such as Vet School, Coding, 3D Construction and Exploring Science just to name a few. Many classes are offered in both the AM and PM sessions.

A brochure of R.E.C. will be sent home through the Wellesley Public Schools and is available for download at our website: wellesleyrec.org

LegoMania

322511

(Entering Grades 1 - 4)

Calling all LEGOMANIACS! Are you obsessed with Legos? Think you can build anything you set your mind to? If so, this class is for you! We will brainstorm, build, and engineer our way through some amazing design challenges like lego skyscrapers, bridges and carnival rides. Come with an open mind and be ready to have fun!

Backyard Mammals

322536

(Entering Grades K - 2)

What is a mammal? Learn about mammals that can live in your backyard habitat. Go on walks to observe these mini mammals. Where they live, what they eat. What is similar or different about the mammals, their homes and what they eat? Create a mini mammal using craft materials.

Woodworking

322537

(Entering Grades K - 5)

Assemble fun projects out of wood. Take pride in making something useful. You will amaze your friends and family when you bring your creations home. Using hammers, nails, sandpaper and paint, children will build an assortment of crafts including a birdhouse, picture frame, sailboat, coasters and a key holder. All wood is precut to ensure safety.

Jr. Code Gaming 1

322520

(Entering Grades 2 - 5)

This class builds on topics that were covered in the Foundations level and is perfect for students who want to explore the options of creating their own games. Your child will apply their coding skills and expand their skills to develop games that will test their understanding and reinforce their critical

thinking skills.

Summer Scrapbooking

322505

(Entering Grades 1 - 3)

In Summer Scrapbooking, students will learn to document their favorite memories in their own custom made scrapbooks! We will discuss the scrapbooking process, then assemble and decorate books of our own. Please send students with photos, and other mementos they may wish to

bring to class.

Sculpting Fun

322542

Grades K - 5

Pinch? Pull? Twist? How will you change the clay with your hands while creating your sculpture? Explore how to create a sculpture that is strong and will last! Add texture to your clay with a carving stick. When combined with your imagination, the potential of your clay is endless.
